

Cimar Rodrigo Morales

La Paz, Bolivia · cimar.morales.dev@gmail.com · linkedin.com/in/cimar-rodrigo-morales · github.com/CimarRodrigo

Backend developer currently working in the financial sector. I work mainly with Java (Spring Boot), C# (.NET Core) and Golang, with hands-on experience in Docker and CI/CD pipelines. I like to understand the problem well before writing a single line of code, and I lean toward solutions that hold up over time, not just the ones that work today.

PROFESSIONAL EXPERIENCE

Banco Bisa S.A.

Automation Developer

La Paz, Bolivia

Jul 2025 – Present

- Backend developer on the migration team, building services and internal applications for the bank's operations.
- Designed and built a full-stack internal application end to end: .NET Core REST API, Angular front end and Oracle persistence, from requirements gathering to production deployment.
- Develop tools for the bank's core platform migration from AS400/DB2 to Oracle, including data validation and reconciliation against production systems.

Junior Application Developer

Feb 2025 – Jul 2025

- Migrated a tax ID (NIT) validation service from RPG to Java as part of the bank's move off its legacy AS400 stack.
- Built a Spring Boot mock service for NIT validation, wrapping an existing standalone program as a REST service so other teams could develop and test against it independently.

Faculty of Humanities and Education Sciences, UMSA

Backend Developer Intern

La Paz, Bolivia

Jul 2024 – Dec 2024

- Developed and maintained backend applications in Java and Spring Boot.
- Built RESTful APIs consumed by the faculty's front-end applications.
- Containerized services with Docker and set up CI/CD pipelines for integration and deployment.

Universidad Mayor de San Andrés

Teaching Assistant, Introduction to Programming

La Paz, Bolivia

Mar 2024 – Jun 2024

- Taught programming fundamentals, algorithmic thinking and good coding practices to first-semester students.
- Designed teaching material focused on basic structures and problem solving from scratch.

EDUCATION

Universidad Mayor de San Andrés

Licenciatura en Informática (Bachelor's degree), Computer Systems Engineering

La Paz, Bolivia

Aug 2019 – Jul 2025

Centro Boliviano Americano (CBA)

English Program

La Paz, Bolivia

Oct 2023 – Nov 2025

SKILLS

- **Languages & Frameworks:** Go (Golang), Java, Spring Boot, C#, .NET Core, Gin, SQL
- **Architecture & Practices:** REST APIs, hexagonal architecture, DDD, unit testing, agile methodologies
- **Databases:** Oracle, PostgreSQL, SQL Server, MySQL, DB2
- **Frontend:** Angular (TypeScript), Vue
- **Tools:** Docker, Git, GitHub Actions, CI/CD
- **Spoken languages:** Spanish (native), English (B2, professional working proficiency)
